Comment	This pink liqueur contains a single cherry blossom, reminiscent of spring at Yoshinoyama. The beauty of the cherry blossom trapped in the small round bottle is like looking at a spring landscape. Such a beautiful liqueur is produced in Yoshino, Nara Prefecture, in the natural environment of Yoshinoyama, one of the three most famous cherry blossom viewing spots in Japan. Its refreshing flavor is the secret behind its popularity as a souvenir. We hope you will try this beautiful cherry liqueur.
Memo	Store in a cool, dark place after opening. Drink as soon as possible after opening.
