Comment	This liqueur is made from a wonderful blend of Uva tea, "one of the three most famous teas in the world," and is made into a royal milk tea by adding soymilk. It has a refreshing aroma and a subtle astringent taste unique to Uva tea, which is matched by the mild flavor of soy milk. The alcohol content is purposely kept low at 5 degrees C. It can be enjoyed slightly warm in the cold season, or crisp and cool in the summer. It is a luxurious and aromatic drink that is perfect for any season.
Memo	Store in a cool, dark place after opening. Drink as soon as possible after opening.
