Comment	<p>Plum fruits that have been soaked in plum wine have had their seeds removed and the plum pulp mashed back into the plum wine, creating a liqueur that allows you to enjoy the whole plum wine without any of the excess. The taste and sweetness of the plum liqueur can be felt in the mouth, and with the addition of the sourness from the ground plum pulp, the full flavor of the plum liqueur spreads in the mouth. Add a little soda to make it easy to drink and enhance the aroma, or enjoy it on the rocks and savor the plum flavor.</p>
Memo	Store in a cool, dark place after opening. Drink as soon as possible after opening.
