Comment	Introducing Banana Liqueur. We ripen green bananas from the Philippines in-house, dice them just before they are ready to eat, and make them into a liqueur. You can enjoy the texture of the bananas and their tenderness on the tongue. The well-balanced taste of sweetness and sourness is popular among women. We also recommend a cocktail with tea and lemon. It also goes well with chocolate, making it a perfect dessert. Banana lovers, please give it a try.
Memo	Store in a cool, dark place after opening. Drink as soon as possible after opening.
