Comment	A liqueur made with a generous amount of La France, a typical pear, is now available. The diced pulp, up to 6 mm in size, provides a crunchy texture in the mouth. Characterized by its rich aroma and elegant sweetness, it is recommended to be enjoyed straight or on the rocks. It can also be enjoyed in a variety of ways, such as mixed with tea or added to sparkling wine. Why not spend a relaxing time while enjoying the aroma and flavor of La France?
Memo	Store in a cool, dark place after opening. Drink as soon as possible after opening.
