Comment	<p>This low-sweetness plum wine allows you to enjoy the clean sourness and refreshing aroma of the ume fruit and the full flavor of the crushed pulp. Enjoy it straight, on the rocks, or with soda.</p> <p>It expresses the taste of a mix between plum wine-like drink and plum juice filled with ume fruit. Chill the entire bottle in the refrigerator and enjoy it in a rocks glass filled with large ice cubes to enjoy the addictive taste of a mix of the sourness of green ume and the unique sweetness of ripe ume fruit! Soda</p> <p>It can also be enjoyed with soda in a glass filled with ice or beer. Please try this plum liqueur, which is filled with plum paste and is different from plum wine.</p>
	<p>Memo Store in a cool, dark place after opening. Drink as soon as possible after opening.</p>
